

SolaSkirt Black Installations

SolaSkirt Black is 1.5mm thick aluminium sheet, grade 1050 H14, that is powder coated matt black (RAL9005). We also use powder coated aluminium clamps. It is our premium product, giving solar panels, black or silver frame, a sleek black trim, that not only acts as the strongest pigeon proofing solution on the market, but covers the gaps, wires and rail and gives panels a sleeker, more attractive look.

Our customers love it and as you can see from the images below its easy to see why.

Interested? – email us some pictures to info@solaskirt.co.uk for a free quote.
